Berkeley County Commission
Request for Proposals
Banking Services

Section One: Introduction

The Berkeley County Commission in accordance with 7-1-11 of the West Virginia Code, hereby requests proposals for banking services. The term of these contractual services will be for a period of one year with a yearly renewal option by the County Commission if services are considered to be satisfactory by the governing body.

Section Two: Minimum Qualifications to Bid

Any banking institution submitting a proposal for the services outlined in this RFP must be authorized to perform such services under the laws of the State of West Virginia and the United States of America. Additionally, any institution submitting a proposal must meet all requirements as outlined in Chapter 7, Article 6 of the West Virginia Code pertaining to the requirements of county depositories.

The number of funds handled by the county in the current fiscal year equal 114 total accounts. The county reserves the right to add additional funds at any time to meet the needs of the county.

The county's bank settlements for fiscal year 2008-09 and 2009-10 will be available in the County Commission office for review. Additionally, the financial statements for the County Commission are available on the county's web-site at www.berkeleycountycomm.org.

In addition to the aforementioned accounts, the Sheriff/treasurer has accounts that are solely under his direction. These include the County Tax Distribution Account (I) and Delinquent Land Sales Account (NIB) as well as trust and agency fund accounts.

All of the funds handled by the county clerk's Finance office require checks with the design and specifications of the County Clerk and his designees.

The financial institution must maintain qualified securities as collateral for the deposits as per the provisions of current West Virginia state code. The bank must assure the securities will, at all times, exceed the aggregate balances of the accounts. Also no service charges will be applied to the accounts. The County requests the necessary supply of checks, deposit tickets, endorsement stamps and other items pertinent to the operation of the accounts as required by the Sheriff's Tax Office and Finance office. All accounts must receive a monthly statement no later than the first working day of each month. (Note: There must be two separate mailings of these statements. One must be mailed directly to the County Clerk's Finance Office and one to the Sheriff/Treasurer's office.)

In addition to the other requirements outlined in this proposal, a significant factor in determining the award of this contract will be the interest rate earnings applied to our funds. In an effort to have a uniform method of comparison between financial institutions, we would request that the interest earnings be determined as a percentage of the prime rate.

The account change over will be scheduled for July 1, 2010 to coincide with the new fiscal year for the county. A new contract will be required to be in place on or before July 12, 2010. A local representative and contact for all account issues by the Sheriff's Tax Office and County Clerk's Finance Office will be supplied as part of the bid package.

The Berkeley County Commission has made provisions for an (ATM) Automated Teller Machine within the lobby of the Berkeley County Judicial Center. The Commission would request a proposal for the installation of an ATM in the Berkeley County Judicial Center lobby as part of the proposal for total banking services. The Commission will permit the inclusion of the successful bank's logo on the ATM as an advertisement of bank services to the County.

The County requests a proposal for the provision of merchant credit cards as part of the bid package for all individuals who currently possess a county credit card. A list of all current merchant card holders is in the possession of the County Clerk's Finance office.

The County requests a provision for electronic banking consisting at a minimum of the following functions: direct deposit, verification of daily account balances, process for stop payments within the confines of the electronic banking process. The successful bidder will provide training and procedures for the use of all county offices responsible for these functions.

The County requests a proposal for long term investment instruments for the purpose of the County's OPEB Trust Fund. Due to the nature of this Trust Fund (Fund 281) the proceeds of this fund will consist of annual contributions which will not be accessed by the County Commission for a period in excess of five years. The Commission is requesting long term investment tools including but not limited to certificates of deposit or money market accounts.

The Berkeley County Building Commission has an account which is administered by the Berkeley County Commission for purposes of debt service payments. A copy of the statement for this account is to be mailed separately to the Berkeley County Commission offices located at 400 West Stephen Street, Suite 201, Martinsburg, West Virginia on a monthly basis. The account is an interest bearing account.

Bid proposals shall be provided in a sealed envelope clearly marked "Bid Enclosed – Banking Services". Sealed proposals must be submitted to the Berkeley County Commission, 400 West Stephen Street, Suite 201, Martinsburg, WV 25401. Proposals will be accepted until 4:00 p.m. prevailing time on Wednesday, June 16, 2010 and will be opened on Thursday, June 17 at 11:00 a.m. prevailing time in the County Commission Chambers, 400 West Stephen Street, Suite 205, Martinsburg, West Virginia 25401.

The Berkeley County Commission reserves the right, as the interest of the county may require, to reject any or all bids and to waive any informalities in the request for proposals received and to award the contract in whole or in part for the best interest of the County to the most qualified bidder.
